## HOBART MAIL SIGNALS.

THE following Signals are hoisted at the Flagstaff at the Town Hall and Battery Point Signal Station to denote the arrival of the English and Foreign Mails by P. and O. Steamer:—At Albany, a red flag with white cross; at Adelaide, a blue and white chequered flag; at Melbourne, a red and yellow flag; at Low Head, a white flag with blue cross; at Hobart, a red flag. The same flags, with the addition of a red pennant, signify that the Mail is by one of the Orient Co.'s Steamers.

A blue pennant at mast-head signifies that a delivery will take place at the General Post Office the same evening after arrival of the Express Train at 8.57 p.m.

When a Steamer from Melbourne is signalled off Low Head a red pennant is hoisted at the yard-arm on the left (as viewed from town) for two hours; a blue pennant if the Steamer is from Sydney; and a pennant with red and white vertical stripes if from Adelaide. The following signals are hoisted at the General Post Office:—A red flag upon arrival of English and Intercolonial Mails; a blue flag upon arrival of Intercolonial Mails. These signals are lowered when mails are ready for delivery.

## LAUNCESTON MAIL SIGNALS.

When the P. and O. Steamer arrives at Albany a white pennant with a red ball is hoisted; at Adelaide the same pennant is hoisted above a blue, yellow, and red flag; and at Melbourne the same pennant above a white flag with a red cross. When a Steamer with English Mail is signalled off Low Head the above mentioned pennant is hoisted over a red flag; a red pennant hoisted in lieu of the white pennant signifies the Mail is by the Orient Line. Upon arrival of the Mails at the Post Office a blue and white chequered flag is hoisted.

\* The following articles are prohibited from being sent as Samples through the Post to the United Kingdom:—Cocoa, Coffee, Chicory, Figs, Prunes, Raisins, Apricots, Tea, Tobacco, Manufactured and Unmanufactured Cigars, Cigarettes, Hydrate of Chloral, Soap (perfumed), and Playing Cards.

tioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which shall be contained in the same packet; also, printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter. Stamps for prepayment, whether obliterated or not, and all printed articles constituting the sign of a monetary value, are, however, excluded from transmission by Book Post to countries of the Postal Union.

**DIMENSIONS.**—The limit of size for packets of Commercial Papers or Printed Papers are 18 inches in length by 1 foot in width or depth. The limit of weight is 4 lbs.

**MINIMUM RATES.**—The two classes (Commercial Papers and Printed Papers) are subject to the same rates of postage, except that the minimum charge for a packet of Commercial Papers, however small the weight, is 2½d. in every case. If there be any mixture of the two classes in the same packet, the whole packet is treated as Commercial Papers.

(c) **PATTERNS AND SAMPLES.**—The Pattern and Sample Post to Foreign Countries is restricted to *bonâ fide* trade patterns or samples of merchandise. Packets containing goods for sale, or in execution of an order (however small the quantity), or any articles from one private individual to another which are not actually patterns or samples, cannot be forwarded by Pattern Post.

No article liable to Customs Duties can be sent as a sample or pattern.

#### *Soldiers' and Sailors' Letters.*

Letters to or from non-commissioned officers, private soldiers, seamen, or marines in Her Majesty's Service..... 1d.

Provided that no such letter shall exceed half an ounce in weight, and in the case of a letter being forwarded by any soldier or sailor there shall be on the face thereof the signature of the officer in command for the time being of the corps, regiment, detachment, or ship to which the sender belongs, and provided also that any such letter to any such non-commissioned officer, private soldier, seaman, or marine specifies upon the same the corps, regiment, detachment, or ship to which the addressee may belong.

#### *Registration.*

Letters, Packets, and Newspapers may be registered at any Post Office within the Colony upon payment of an extra fee of 3d. for each article to be registered.

It is recommended that all letters, packets, &c. having valuable contents should be registered to ensure as far as possible their safe delivery, as any article not registered cannot be traced in its transmission through the post.

Articles may be registered at the General Post Office, Post Office, Launceston, and at country offices, from 9 a.m. until 5 p.m.

When Mails are despatched between the hours of 10 A.M. and 6 P.M., registered matter for such mails must be posted an hour before the closing of such mails.

Any letter or packet not registered, and supposed to contain money

or other valuable enclosure, will be "officially registered" and a charge of 3d. collected from the addressee upon delivery; but should the person to whom such letter or packet is addressed open the same in the presence of an officer of the Post Office and such letter or packet is found not to contain money or other valuable enclosure, the fee will be remitted.

Letters or packets (registered or otherwise) containing gold or silver, money, jewels, or other precious articles, or anything liable to Customs duties, cannot be transmitted through the post to any country in the Postal Union.

#### *Acknowledgment of Delivery of Registered Article.*

1. The sender of any registered article may obtain an acknowledgment of its due delivery to the addressee "*Avis de Réception*" by paying an additional fee of 2½d. in postage stamps which are to be affixed to the cover of the registered article.

2. The Postmaster or officer to whom the article is tendered must see that it bears the acknowledgment fee in postage stamps in addition to the proper postage and registration fee, as he will be held responsible for any deficiency. He must write clearly the name of the sender and the office of origin on the back of the article. He must then proceed to obliterate the postage stamps and impress the date stamp of his office on the article in the usual manner, and also impress the letters "A.R." on the address side alongside the stamps.

3. The Postmaster or officer must see that the impression of the date stamp of his office is quite legible, so that the office from which the article is delivered may easily recognise the name of the office of origin. If the impression of the date stamp be not clear and legible, the name of the office must be written in ink alongside the date stamp.

**NOTE FOR POSTMASTERS.**—Postmasters are instructed that, before forwarding any registered letter through the post, they are to mark on the front or face of the envelope a cross in red lead pencil, the full size of the envelope thus:—

#### *Prepayment of Postage.*

The postage upon all letters, packets, and newspapers should be prepaid by affixing stamps thereon. The stamps must be affixed upon the outside of all letters above the address written upon them, as by "The Post Office Act" no Postmaster is bound to take notice of or pass any stamp affixed to any other part of a letter.

#### *Licences to sell Stamps.*

The Postmaster-General grants licences to sell stamps to respectable persons on application, if it is satisfactorily proved that the issue of such licence is for the convenience of the public.

#### *Unpaid and Insufficiently-paid Letters, &c.*

Unpaid or insufficiently paid letters are sent on to destination and are charged on delivery with double the deficient postage due thereon.

Insufficiently prepaid packets addressed to Postal Union countries are forwarded to destination and charged on delivery with double the deficient postage thereon, but packets wholly unpaid are not sent.

Packets not sent are forwarded to the Dead Letter Office, whence they are returned to the senders.

Newspapers unpaid or insufficiently paid are not sent.

#### *Special Request Letters.*

All letters having the names and addresses of the senders thereof printed or written on the address side of the envelopes with a request that such letters be returned if not claimed or delivered within a stated period, will be returned by the General Post Office at the expiration of such period to the writers or senders thereof.

NOTE.—Postmasters are requested to pay strict attention to the above rule, and return under cover to the Secretary, General Post Office, such letters as may remain unclaimed at the expiration of the period endorsed thereon.

#### LATE LETTERS.

Late letters for inland and intercolonial ship mails are charged at a uniform fee of 2*d.* extra each. This regulation applies also to loose letters sent to or from any other Australian Colony in the ship's box or bag, the deficiency in default being charged at the destination of such letters. On English mail days at Hobart (when the mail closes at 6 p.m.) letters for the United Kingdom may be posted until 7 p.m., at an extra single rate of postage.

Late newspapers, 1*d.* each.

#### UNCLAIMED LETTERS.

All letters and packets are kept for one month at the address waiting delivery, and at the end of each month are forwarded to the Dead Letter Office, Hobart.

If received from other countries, such letters are advertised as unclaimed for two months, and are then returned to the office of origin.

Unclaimed letters, &c., originating in Tasmania, are not advertised, but opened at the Dead Letter Office, Hobart, and returned to the writer.

#### POST CARDS.

Post Cards having a One Penny Stamp printed or impressed by the Postmaster-General are transmitted between places in the Colony, and also to the other Australasian Colonies, under the following conditions:—

There must be nothing written or printed on the front other than the address, nor any writing or printing across the stamp. On the reverse any communication may be written or printed, but nothing whatever may be attached, nor may the card be folded, cut, or in any respect altered.

No stamp cut from a Post Card will be accepted in payment of other Postage.

No Card other than those issued by the Post Office Department will be permitted to pass at One Penny if bearing on it a written communication of the nature of a letter.

Should a Post Card be observed to bear upon it anything of an obscene, libellous, or otherwise obviously objectionable nature, it may be detained and destroyed.

When owing to a great and unusual influx of letters, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards may be kept back until the next despatch or delivery.

Post Cards will be sent to Countries within the Postal Union, other than the Australasian Colonies, for 1½*d.*

Reply Post Cards may be obtained at 3*d.* each.

Packets may be sent through the post:—

Without a cover (but not fastened with anything adhesive, such as gum, postage stamp, sealing wax, &c.):

In a cover entirely open at one end or side, or with the flap left unsealed, or fastened with a binder. If the cover be slit the opening must be to the full extent of the end or side, and the contents must be easy of withdrawal. For the greater security of the contents the packet may be tied with string, but in such case postal officials are authorised to cut or untie the string, but if they do so they must securely tie up the packets. Officers will, however, if possible satisfy themselves as to the contents without withdrawing them.

The cover may bear the sender's name and address, but the description of contents must be endorsed thereon.

Packets may be tied with string, but officers of the department may cut the string to examine the contents, and tie the packet up again.

Samples of seeds, drugs, &c., which cannot be sent as open packets, may be enclosed in bags or boxes, fastened so as to be easily undone and re-fastened. If addressed to places in the Colony, they may be sent in closed transparent bags.

Stamps to the amount of Five Pence may be affixed to any Postal Note. Payment of full value of note in addition to stamps attached will be made.

Should the spaces in a Postal Note, for name of payee and paying office, be not filled up, the note will be payable to the bearer at any Money Order Office in the Colony. There is no objection to the insertion of the word "bearer" in the space appointed for name of payee.

If the sender wishes the Note paid to any specified person, at any specified office, the name of the person and office (*which must be a Money Order Office*) should be written in the proper places. After these particulars are once filled in they must not be altered. If a Postal Note which is crossed is presented for payment through a bank, with the name of such bank stamped on the face thereof, that name may be accepted as a sufficient receipt for the amount of the Note, and the Note may be paid without any other receipt.

A Note which is crossed, if presented for payment through a Bank, may be paid at any Money Order Office in Tasmania, notwithstanding that the blank has been filled in with the name of some particular office.

Postal Notes containing alterations or erasures, or cut, defaced, or mutilated, will not be paid in ordinary course. Special application on the subject must be made to the Postmaster-General.

Postal Notes are payable for six months after date of issue. Fresh poundage (the same as that originally charged) must be paid in stamps for every additional six months, or portion thereof, that have elapsed after issue and before presentation for payment.

After once paying a Postal Note, all liability on the part of the Department ceases.

Every person to whom a Postal Note is issued should keep a record of the number, date, and name of office of issue, to facilitate inquiry if the Note should be lost.

Further particulars can be obtained at any Post Office in the Colony.

## PARCELS POST.

## TASMANIAN INLAND PARCEL POST.

*General Regulations.*

1. Parcel Post business will be transacted at the General Post Office, Hobart, and at the Post Office, Launceston, between the hours of 9 A.M. and 4 P.M. daily, and on Saturday from 9 A.M. to 12 noon; at all other Parcel Post Offices from 9 A.M. until 5 P.M.

2. *Weight.*—The weight of a Parcel must not exceed 7 lbs.

3. *Size.*—Limit of size of Parcel 3 ft. 6 in. in length, or 6 ft. in length and girth combined.

4. *Postage.*—Postage to be prepaid in Stamps.

	s.	d.
1 lb. to 2 lbs. ....	0	9
2 „ 3 lbs. ....	1	0
3 „ 4 lbs. ....	1	3
4 „ 5 lbs. ....	1	6
5 „ 6 lbs. ....	1	9
6 „ 7 lbs. ....	2	0

The Stamps should be affixed to an adhesive label obtainable at any Parcel Post Office, which will be attached to the Parcel by the Officer receiving the same after he ascertains the weight.

5. *Parcels to be prepaid.*—No Parcel will be accepted unless the postage is fully prepaid.

6. *Irregularly posted.*—Parcels posted in letter boxes, or not duly handed to an Officer of the Department will be regarded as irregularly posted; if not exceeding 3 lbs. in weight they will be forwarded as letters or packets, but if in excess of that weight they will be returned to the sender on payment of Sixpence for each Parcel.

7. *Registration.*—Parcels may be registered upon payment in Stamps of an additional fee of Threepence, and for an additional Twopence a receipt will be obtained on delivery, which will be forwarded to the sender by post.

8. *Prohibited Articles.*—No Parcel may contain a letter, money (coin or bank notes), or consist of or contain two or more Parcels or other Postal Packets of the same or of different descriptions, addressed to different persons at different addresses. This regulation does not prohibit the enclosure of invoices, business cards, or printed circulars, or advertisements, price lists, particulars of contents of or receipted account for such Parcel. No Parcel must bear on the outside any indecent, obscene, profane, or libellous address, signature, marks, words or designs, or contain any indecent or obscene print, photograph, lithograph, writing, engraving, book or card, or other indecent or obscene article; nor must there be enclosed in any Parcel articles of an offensive nature, or liable to sudden combustion or of a dangerous, destructive, or explosive character. Live animals, reptiles, butter, eggs, or anything likely to do injury to persons or parcels, will not be forwarded. Parcels containing fruit, liquids, or semi-liquids, such as jellies, pickles, varnish, paint, medicines, &c., will be accepted conditionally upon their being so securely packed that the contents cannot escape, and the vessels in which they are contained are sufficiently strong to prevent breakage in transmission.

9. *Parcels liable to Examination.*—All Parcels are liable to examination by Officers authorised in that behalf by the Postmaster-General; and in the event of any prohibited article being found in any Parcel, such Parcel, according to the nature of its contents, may be charged as an insufficiently-paid letter, or be confiscated. Should the contents of any Parcel become offensive or otherwise objectionable while in the possession of the Department, it may be forthwith destroyed. It is not obligatory that Parcels should be open at the ends, but it is advisable that they be not sealed, so that if it be considered necessary they may be conveniently examined.

10. *Offices of Receipt and Despatch.*—Parcels will only be received at and despatched from the offices included in the list of Parcel Post Offices.

11. *How addressed.*—All Parcels, in addition to the name and address of the person to whom the Parcel is directed, must bear the name and address of the sender legibly written or printed on the left corner of the side bearing the address. This will facilitate the return of undelivered or unclaimed parcels.

12. *Deception as to place of posting.*—If a Parcel be forwarded under cover to a Post Office, with a request that it may be re-posted, on the request being complied with it will be endorsed with the words, "Received under cover from \_\_\_\_\_ and re-posted at \_\_\_\_\_"

13. *Re-directed Parcels.*—Parcels will be re-directed, and delivered within the Colony, on the written application of the sender or addressee, on payment of an additional fee of Sixpence for each Parcel.

14. *Unclaimed or undelivered Parcels.*—Unclaimed or undelivered Parcels will be retained for delivery one calendar month from date of receipt, and at the expiration of that time will be forwarded to the General Post Office, Hobart, whence they will be returned to the senders on payment of a fee of Sixpence each parcel.

15. *Return of Parcels (special) if endorsed.*—Parcels bearing a request for the return before the period named in the foregoing regulation will be so returned, if such request be endorsed above the name and address of the sender. An additional fee of Sixpence will be required to be paid on each Parcel before delivery to the sender.

16. *Refused Parcels.*—Parcels, the delivery of which is refused by the addressees, will be at once returned to the sender upon payment of an additional fee of Sixpence for each Parcel.

17. *Delivery.*—The addressees of Parcels must take delivery at the Post Office to which the Parcels are addressed. In all cases senders should advise the addressee by post of the despatch of Parcels, so as to ensure prompt delivery.

18. *Delay in transmission.*—While the Department will use every effort to forward Parcels to destination as promptly as possible, it cannot undertake in all cases to forward them by the next mail after posting.

19. *Torn and damaged Parcels.*—Parcels torn or damaged in transit will be refastened and secured as far as practicable. Parcels without addresses will be returned to the sender, if possible. Although every care will be taken, the Postmaster-General will not accept any responsibility for damage, delay, or loss of any parcel under any circumstances.

20. *Complaints.*—Applications or complaints regarding Parcels should be addressed to the Secretary, General Post Office, Hobart.

21. *Time for Posting.*—When mails are despatched between the hours of 10 A.M. and 5 P.M., Parcels for such mails must be posted an hour before the closing of such mails.

NOTE.—Special attention is called to Section 6, Inland Parcel Post Regulations.

NOTE.—*Parcels from Places beyond Tasmania*.—Parcels sent from London, or *via* London, are not transmitted by the same route as ordinary correspondence, but are shipped in England and brought in the vessels to Melbourne and thence to Hobart or Launceston, as the case may be, but are not due in Tasmania until at least a week after the arrival of letters despatched same time. Parcels from India are not sent overland from Adelaide, as in the case with letters, but are in like manner brought in the ships to Melbourne and thence to Tasmania. Letters found in parcels will, according to Regulation 10, be taxed letter rate as from office of despatch, together with a fine equal to the amount of postage.

## PENALTIES FOR CERTAIN OFFENCES.

(Sec. 21.)

If any person wilfully or knowingly puts into or sends to, or causes to be sent to or put into, any Post Office any letter, packet, or newspaper containing any article or thing injurious or likely to be injurious to the contents of the mail or to any person, such person shall be liable to a penalty not exceeding £50. Whoever sells or attempts to sell any postage stamp or postage stamps made under the authority of the Post Office Act without being duly authorised in that behalf by the Postmaster-General, shall for every such offence forfeit and pay a penalty not exceeding £10. (Sec. 29.)

If any person authorised to sell stamps fraudulently demands or obtains as payment for such stamps a greater value than the value denoted upon the stamp or stamps in respect of which such greater value shall have been demanded or obtained, he shall be guilty of a misdemeanor, and shall, on conviction thereof, be imprisoned for any term not exceeding Three years. (Sec. 30.)

Any person who fraudulently forges or imitates, or assists in forging or imitating, any stamp made under the authority of the Post Office Act, or offers, utters, disposes of, or puts off any forgery or imitation of any such stamp with intent to defraud, shall be guilty of felony, and being convicted thereof shall be liable to be imprisoned for any term not exceeding Seven years. (Sec. 31.)

Any person who wilfully and with intent to defraud removes from any stamp which has been previously used any mark made thereon by any Post Office to show that such stamp has been previously used, or sells or uses such stamp with intent to defraud, shall be guilty of a

If the Master of a vessel refuses or neglects to receive any mail on board such vessel upon request of the Harbour Master or officer of the Post Office, or to give a receipt for the mail, or to deposit such mail in some secure and dry place on board such vessel, such Master shall forfeit and pay a penalty not exceeding £100. (Sec. 55.)

Masters of vessels are required to give to the Post Office authorities immediate notice of the arrival of such vessel, and shall also give Twenty-four hours' notice of the vessel's intended departure; any failure in this respect will render such Master liable to a penalty of £50. (Sec. 56.)

If any person duly authorised to receive or dispatch mails fails or neglects such duty, or retards the delivery of any mail, letter, packet, or newspaper, he shall for each offence forfeit and pay a penalty not exceeding £50. (Sec. 58.)

If any party to a contract with the Postmaster-General for conveyance of mails by sea during the continuance thereof refuses, neglects, or omits to comply with any stipulation or provision contained therein, every such party shall for every such offence forfeit and pay a penalty not exceeding £50, irrespective of any penalty recoverable for such default by virtue of any bond into which any such party or his sureties may have entered for the due performance of such contract. # ELECTRIC TELEGRAPH.

## REGULATIONS.

1. All telegrams must be written distinctly with ink, on forms provided for that purpose, the signature of the sender in each case being required in authentication of the message; but all telegrams, whether written on the proper form or on plain paper, will be considered as presented for transmission under the conditions contained in the following regulations.
2. In order to prevent errors in the transmission of telegrams, all words must be written in full, and no abbreviations will be allowed that are not in general use, and in accordance with the usage of the language. All numbers should be written in words in full, and not in figures.
3. As a general rule all messages must be prepaid, except in the case of replies to messages on which the words "reply paid" have been written, or where special arrangements have been made for payment by receiver; but in all cases the sender will be held responsible for the cost of the message should payment be refused by addressee.
4. Messages will be delivered free within one mile of the office. For greater distances, portage, or, where necessary, cab or boat hire will be charged, and must be prepaid or guaranteed. Where a special messenger has to be employed the department will make the best arrangements it can, but the telegram will only be so forwarded at the sender's risk and cost, and should no messenger be procurable the telegram will be posted at the option of the sender.
5. With respect to cypher messages, every message in secret language, or consisting of words in any admitted language (English, French, German, Italian, Dutch, Portuguese, Spanish, and Latin) having no connective meaning, groups of letters or figures, shall be regarded as a cypher message, and be subject to an additional charge of 50 per cent.; and in a message containing one or more words in cypher every such word shall be counted as two words, and the extra charge be added to the minimum rate for a message, provided that such extra charge shall not exceed 50 per cent. on the ordinary rate which would be payable on account of the said telegram. Groups of five letters or five figures shall count as one cypher word.
6. To facilitate delivery, care should be taken to give full name and address of person to whom the telegram is addressed.
7. The sender of any telegram can have the telegram repeated back to him by the office to which the message is addressed on payment of an additional half-rate.
8. The Government will not be responsible for mistakes in the transmission of messages, from whatever cause they may arise, nor for any delay in the transmission and delivery, nor for non-transmission or non-delivery of any message.
9. Except in cases of emergency, illness, &c., or messages on the service of the State, or urgent messages on which double rates have been paid, messages will be transmitted in the order in which they are

received. No person shall be entitled to the use of any telegraph line for transmission of any telegram or telegrams, not being Press messages, for more than half an hour. In the case of Press telegrams, the limit during the day (from 8.30 A.M. until 8 P.M.) will be five hundred (500) words.

10. Urgent telegrams or messages, on which double the usual rate has been paid by the sender, are to have priority of transmission over all other telegrams.
11. In the event of any interruption or accident to the lines which may prevent the transmission of any telegram within a reasonable time, or may destroy the value of such telegram, notice thereof will, where practicable, be sent to the sender of the telegram, who will have the option of withdrawing his telegram and receiving back the amount paid thereon, on application to the Superintendent of Telegraphs, through the officer in charge of the station at which such telegram was presented.
12. Applications for refund, except in cases specified in the preceding regulation, must be made in writing, addressed to the Superintendent of Telegraphs, stating reasons why the application is made.
13. Any telegram lodged in Tasmania for delivery within the Colony may be cancelled at the request of the sender, provided delivery has not been effected. In the event of the telegram not having been transmitted the fee shall be returned, but if it has been transmitted no refund shall be made; a service telegram will, however, be sent to the office of address, if desired, at the cost of the sender, to stop delivery. Should such service telegram arrive too late the fact will, if practicable, be communicated to the sender of the original message, but the cost of the service telegram will not be repaid.
14. At the request of the sender or receiver a telegram may be redirected and transmitted to another station, but if it has already been transmitted to the original address it will be subject to an additional rate.
15. No application for copies of messages after delivery will be entertained unless at the request of the sender or the addressee; and in all cases the Superintendent will require satisfactory reasons for the application. A search fee of two shillings and sixpence (2s. 6d.) for each telegram must accompany the application, and should the telegram have to be transmitted to another station one-half the usual rates will be charged for such transmission in addition to the above fee.
16. The strictest secrecy as to the contents or purport of any message is enjoined; no person not employed in the service of the Telegraph Department is allowed access to the operating-rooms without a special order from the Superintendent; and any officer of the department allowing any person to enter the operating rooms, or affording any information as to the contents or purport of any message, except under the preceding regulation, will render himself liable to the penalties specified in the Telegraph Act.
17. Telegrams will be kept in the custody of the Superintendent of Telegraphs for the space of one year, after which they will be burned or destroyed, by direction of the superintendent, in the presence of some duly authorised officer.
18. Messages upon which all fees payable in Tasmania have been paid may be transmitted by post as letters for delivery in Tasmania or

in any of the Australian colonies, or New Zealand, without any extra payment for postage; the sender must, however, write the words "To be posted from———" under the address.

19. Code addresses will not be registered or accepted except in the case of international telegrams.

## INTERNATIONAL BUSINESS.

## RULES AND REGULATIONS AS TO THE ACCEPTANCE AND TRANSMISSION OF TELEGRAMS.

1. The Main Lines of the Companies have continuous service; the Chief Offices are always open, but some of the branch offices have day service only, and limited service on Sundays.

2. Messages are accepted by the Companies subject to the conditions printed on the message forms, to which attention is specially directed, and subject to the rules and regulations of the International Telegraph Convention, including Article 3, which stipulates that the Telegraph Administrations accept no responsibility on account of their respective services.

*Manner of Writing and Acceptance of Telegrams.*

3. In order to guard against mistakes, attention is called to the great importance of legible writing.

Every interlineation, reference, erasure, or alteration must be authenticated by the sender or his representative.

4. Telegrams may be composed of plain language, or of secret language, *i.e.*, of code words, or of figures or groups of figures. Letter ciphers, *i.e.* letters or groups of letters having a secret meaning, are only admitted in Government Telegrams.

5. Telegrams in plain language must present a clear meaning in any one of the languages admitted for telegraphic correspondence.

6. Telegrams in code must consist of words, each of them presenting a clear meaning, but not forming intelligible phrases.

7. These words are taken from vocabularies admitted for this description of correspondence.\*

8. Telegrams in code may contain words of ten letters at most, taken from any or all of the following languages:—English, French, German, Italian, Dutch, Portuguese, Spanish, and Latin. No other languages can be used. Code words containing more than ten letters will be dealt with as groups of letters, and will be charged at cipher rates (*vide* paragraph 38), but words composed of more than ten letters, used in their natural sense in code messages will be charged for at the rate of ten letters to the word (*vide* paragraph 36).

9. Proper names of persons, places, &c., in the text of Code telegrams will only be accepted when used in their natural sense.

10. The Office at which the message is tendered for transmission may call for the production of vocabularies for the purpose of verifying the authenticity of the words employed.

11. Messages in cipher may be composed of figures, or groups of figures.

12. The text of secret telegrams may be wholly secret or partially so.

\* An official Code, the use of which will be compulsory for European Telegrams three years from the date of publication, is being prepared by the International Telegraph Office at Berne.

13.

14. The following abbreviations are counted as one word:—

†* (D)	...	Urgent telegram.
(RP)	...	Reply prepaid.
(TC)	...	Repeated or Collated telegram.
(CR)	...	Acknowledgment of receipt.
(PP)	...	Postage prepaid.
†* (RPD)	...	Reply paid urgent.
(PR)	...	Post registered.
(XP)	...	Express prepaid.
(FS)	...	To follow.
(EP)	...	Estafette paid.
(ST)	...	Service taxé.
† (RO)	...	Telegram to be delivered open.
† (MP)	...	Telegram to be delivered personally to the Receiver.

15. Any instructions the Sender may have to give as to the delivery at destination, prepayment of reply, acknowledgment of receipt, repetition (collationnement), &c., should be written immediately before the address of the message and are charged for. These notices may be written in the above abbreviated form adopted for official instructions, in which case they will each be counted as one word only.

16. The address of a Telegram must consist of at least two words, the first representing the name and address of the Receiver, and the second the place of destination. These words must be inserted and charged for as part of the message. The consequences of an incomplete or incorrect address must be borne by the Sender.

17. The Companies will, at their own Stations and free of charge, accord to the receivers of messages the privilege of having their telegrams addressed to them in a preconcerted or abbreviated form, if application is made to the Station where it is desired to register such address, and if the conditions laid down by the Companies for such arrangements have previously been complied with. An address may thus be given in two words, as "Beranger London." Only one address, however, can be allowed for each correspondent.

18. In all cases where it is desired to register a code address, a proper name or a dictionary word must be chosen.

Such combinations as "Cornmart" for "Cornelius Mart," "Granotel" for "Grand Hotel," &c., being neither proper names nor dictionary words, cannot be accepted for registration, nor can such irregular combinations be admitted in the text of messages.

19. At places where the Companies do not deliver telegrams to the public, the application for registration must be made to the local Telegraph Authorities, some of whom make a charge for such registration.

20. These registrations apply, however, only to messages received at the station where the registration is effected, and not to messages forwarded from such Station. Registration must in every case be effected at the Receiving Station.

\* Urgent Telegrams are not accepted in Great Britain.

† These Telegrams are not accepted for delivery in Great Britain.

21. The Sender or his Representative must sign the telegram at the foot of the message form, adding, if required, his address, but the name of the Sender is only charged for if transmitted.

22. The Sender of a private telegram is bound to prove his identity when requested to do so. The Sender may have his signature legalised, and include such legalisation in his telegram. The number of words required for this purpose must be paid for.

#### *Rectifying Telegrams.*

23. The Receiver of a message may have the whole or part of it repeated, on payment of the cost of the telegram demanding the repetition, and of the reply to the same.

24. The Sender can also have the whole or any portion of his message repeated, on payment of the cost of the telegram he forwards, and of the reply, if one be required.

25. The demand for the repetition must be made within 72 hours after receipt or despatch of the telegram, and should be written in the following manner :—

"Calcutta from London" (these words are not charged for).

"RP. 4" (representing reply paid four words).

"Twenty-sixth" (date of message to be repeated), "Brown" (receiver's name),

"Repeat first, fourth, ninth" (meaning words of the text of the telegram to be repeated); or,

"Twenty-sixth," "Brown" "Repeat word" (or words) "after \_\_\_\_\_."

The reply will be worded as follows :—

"London from Calcutta" (these words are not charged for).

"Brown".....(words repeated).

26. The number of words in the reply will thus exceed by one the number of words to be repeated.

*Between stations supplied with the "Repetition Code Book" the repetition and reply may be sent in the form therein indicated.*

27. The charges will be refunded if the repetition proves that the original message has been seriously mutilated in transmission.

28. In case some of the words repeated are shown to have been correctly transmitted, the cost of the words employed to obtain the repetition of the same, both in the message of enquiry and reply, will be retained.

29. No refund will be made when the mutilation has been caused by illegible handwriting on the part of the Sender, or when the repetition is obtained direct instead of by means of an official service telegram.

30. No reimbursement of the charge for the original message will be allowed.

31. The Sender may also rectify any error or omission in a telegram forwarded by him. This rectification should take the following form :—

#### EXAMPLE OF A RECTIFYING TELEGRAM SENT BY THE SENDER.

"S.T. Paris from Vienna 26" (No. of the service taré) "8" (No. of words) *Free instructions*, "235 thirteenth Krichbaum" (No., date and Name of Receiver of Telegram to be rectified) "Replace third" (word of text) "20 by 200."

The charges paid for this class of telegram are not refunded.

#### *Counting and Charging.*

32. All messages are charged according to a tariff per word.

33. All that the Sender writes for transmission in the address and body of the telegram is charged for.

34. The name of the Station of origin, the date, hour, and minute of the deposit of the message will be officially inserted in the message, and supplied to the Receiver free of charge.

35. The maximum length of a word in plain language is fixed at 10 letters in International telegrams, any additional letters being counted and charged for as extra words, at the rate of 10 letters to the word. Diphthongs are to be counted and charged for as single letters.

36. In Code language the maximum length of a word is fixed at 10 letters. Words in plain language inserted in Code telegrams are charged for at the rate of ten letters to a word.

37. In the address, however, the name of the Receiving Office and the name of the country in which the telegram has to be delivered are each counted as one word only, irrespective of the number of letters required to express them, subject to these proper names being written as they appear in the official nomenclature of the International Telegraph Office.

38. Code words containing more than 10 letters, and words not belonging to any of the languages admitted for international correspondence, are charged for in International telegrams at the rate of 3 letters to the word.

39. All separate characters, whether letters or figures, underlines, parentheses, or inverted commas, are counted as a word.

40. Initials are charged as so many separate words.

41. Words joined by a hyphen or separated by an apostrophe are counted as so many separate words.

42. Nevertheless English and French compound words to be found in a standard dictionary, joined by a hyphen or separated by an apostrophe are counted as one word if so written, subject to the limitation of letters in preceding paragraphs.

43. Illegitimate combinations contrary to the usage of the language, and abbreviated and wrongly-spelt words are inadmissible.

44. If a short charge has been made on a message owing to the Sender having employed words or combinations contrary to the usage of the language, the amount short charged may be collected from the Receiver.

45. Proper names of towns, persons, countries, places, squares, streets, ships, and numbers written at length are counted according to the number of words employed by the Sender to express them, the limitation as to the number of letters referred to in Rule 35 being always applied.

46. In International telegrams each group of three figures or less, is charged for as one word; larger groups are charged at the rate of three figures to a word. The same rule applies to the counting of letters where admitted.

47. In International telegrams signs of punctuation, apostrophes, hyphens, and fresh paragraphs are not transmitted unless paid for. Decimal points, commas, bars of division, and stops used in the formation of numbers are each counted as a figure.

48. Letters added to figures to form ordinal numbers are each counted as a figure.

49. The words "fob" (meaning "free on board,") "cif" (cost insurance freight,) and "cfr" ("cost freight insurance") are accepted as one word if written together. If written separately as "F.O.B.," "C.I.F.," and "C.F.R.," they are counted as three words each. The abbreviations "B/L" ("Bill of Lading,") "c/o" ("care of"), and "p/o" ("per cent.") are each accepted as one word.

50. The words twopence, threepence, &c., up to and including tenpence, if written together, are charged as one word each; "elevenpence," is also charged as one word in European telegrams, but as it consists of 11 letters, it is in Extra-European messages charged as two words.

51. The following are examples for counting and charging Telegrams:—

#### *Payment of Charges.*

52. All charges must be prepaid, except those for supplementary services or special conveyance beyond the Telegraph Office of destination, which are claimed from the Addressee.

53. A receipt will be given, free of charge, for every message handed in at any of the Companies' stations.

54. A receipt can also be obtained for any message handed in at any Government Telegraph Station, for which a small charge is sometimes made.

55. Short charges and charges due by the Addressee, which are not recovered from him, are to be paid by the Sender.

56. Charges erroneously collected in excess are returned.

#### *Stoppage of Telegrams.*

57. The Telegraph Administrations reserve to themselves the power to stop the transmission of any private telegram which may appear dangerous to the security of the State or which may be contrary to the laws of the Country or to public order or decency.

58. Any Sender can, by proving his identity, stop, if in time, the transmission of a telegram deposited by him.

#### *Delivery at Destination.*

59. Telegrams are delivered according to their address, at the place of residence of the Receiver, or *poste restante* at the Post Office, or *Telegraph restante* at the Telegraph Office, and in the two latter cases they are only delivered to the Receiver or to a person duly appointed by him.

60. A Telegram taken to the place of residence may be delivered either to the Receiver, the adult members of his family, to his employés, lodgers, or landlord, or to the porter of the house, unless the Receiver has given special instructions to the contrary.

61. If the door is not opened at the address given, or if the messenger finds no one who will consent to take in the telegram, notice is left at the address given and the telegram is brought back to the Telegraph Office to be delivered to the Receiver upon his application.

62. When a telegram cannot be delivered, the delivery office advises the sending office of the cause of non-delivery, which advice, if practi-

cable, is communicated to the Sender. The latter can only complete, rectify, or confirm the address by a paid telegram.

#### *Urgent Telegrams.*

63. Some Governments accept Urgent Telegrams, which take precedence of all other private telegrams and are charged triple rates. At Offices in Countries the Governments of which accept Urgent Telegrams, the Companies also accept this class of telegram, subject to the same regulations as to transmission and taxation.

#### *Prepaid Replies.*

64. The Sender may prepay a reply to his message, which must not, however, exceed thirty words, unless it be to obtain the repetition of a telegram previously transmitted, under Rules 23 and 24.

65. The words "reply prepaid" or "(RP)" are to be added to the message and paid for, and the Sender must state the number of words he has prepaid; for instance, "reply prepaid twenty" or "(RP) twenty"; the first instructions counting as 3 and the latter as 2 words. If the Sender does not specify the number of words for which he pre-pays a reply, charge is made for an ordinary telegram of 10 words.

66. The amount prepaid by the Sender is held for a period of six weeks at the disposal of the Receiver.

67. Should such reply or other telegram contain more words than have been prepaid, the excess must be paid for by the Sender of the reply.

68. If the original telegram cannot be delivered, or if it be refused by the Addressee, the delivery office will inform the Sender of it by a service notice, which takes the place of the reply.

69. If the Receiver does not make use of the amount prepaid, the money deposited for the reply in the case of European telegrams will not be refunded, neither will the difference be returned if a smaller number of words be sent than paid for.

70. In the case of International telegrams, if the Receiver does not make use of the amount prepaid, he may, within the above-mentioned period of 6 weeks, return the Voucher delivered with the original telegram, and request that the money be refunded to the Sender. If the reply be sent and contain a less number of words than have been prepaid, the difference will be returned to the Sender if applied for.

#### *Repeated or Collated Telegrams.*

71. The Sender may have his message repeated from Station to Station on payment of an additional charge, equal to a quarter of the ordinary rate. The words "repetition paid," or the abbreviated signal "(TC)" must be written before the address, and charged for.

#### *Acknowledgment of Receipt.*

72. The Sender may request that the time at which his telegram is delivered to the Receiver be notified to him by telegraph.

73. The words "acknowledgment paid" or the abbreviated signal "(CR)" must be inserted in his telegram, and charged for. The cost of an acknowledgment of receipt is equal to that of a telegram of 10 words.

*Telegrams to follow.*

74. European telegrams (*i.e.*, telegrams from one European country to another) can be directed to several addresses "to follow"—for instance, "John Brown, Hotel de Rome Berlin ou Römer Frankfurt a/M, 'faire suivre.'" The Sender pays the charges to the first destination and the cost of further transmission is collected on delivering the telegram. The words "faire suivre" or the official Code (FS) must be inserted before the address, for which the rate of two words is charged in the former, and of one word in the latter case.

Replies to telegrams "to follow" cannot be prepaid.

Messages to follow are not accepted for International countries.

*Multiple Telegrams.*

75. Telegrams may be addressed—

*a.* To several persons in the same place.

*b.* To one person at several residences in the same place.

76. Telegrams addressed to several addressees, or to the same addressee, in different towns, are charged as so many separate telegrams.

77. Telegrams addressed to several persons in the same place, or to one person at several residences in the same place, with or without further despatch by post, are charged as single messages, plus a copying fee of 5*d.* for every 100 words or fraction of every 100 words contained in the message for every additional address after the first.

78. In calculating the charge for the telegram all the names and addresses are included in the number of chargeable words.

*Multiple Telegrams for places in North and South America are not accepted.*

*Telegrams to Places beyond the International System.*

79. Telegrams for places not connected by telegraph must have instructions added to the address as to the means by which they are to be forwarded to destination; for instance—

"*Express* (or post) Müller, Stieglitz, Berlin.

80. The name of the telegraph office by which the telegram is to be sent on by post, express or other means, is stated last.

*Semaphoric Telegrams.*

81. Semaphoric telegrams are telegrams exchanged with ships at sea by means of semaphores established on the various coasts.

82. Semaphoric telegrams should be written either in the language of the country in which the signal station is situated, or in signals of the Universal Commercial Code. In the latter case they are considered as cipher telegrams.

83. The charge for a semaphoric telegram is tenpence in addition to the ordinary telegraphic charges. For telegrams signalled from ships at sea the charge is collected from the receiver.

*Certified Copies of Telegrams.*

84. The sender and receiver of a telegram, or their authorised representative may, on furnishing full particulars thereof, obtain a certified

copy of the telegram as handed in, or as delivered at destination, on payment of fivepence or 50 centimes for every 100 words or fraction of 100 words.

85. As all telegrams are destroyed periodically, certified copies of International telegrams more than 12 months old cannot be supplied.

*Refunds.*

86. Refunds are granted:—

*a.* Of the cost of every International message which has, *through the fault of the telegraph service*, failed to reach its destination, or suffered a notable delay, that is to say, which does not arrive sooner than by post, or which occupies more than 144 hours.

*b.* Of the full cost of every *repeated or collated* message which has manifestly failed to fulfil its object through errors made in its transmission by telegraph.

*c.* In International telegrams the cost of every word omitted in the transmission of an ordinary telegram through the fault of the telegraph service. This rule, however, is not applicable when the Receiver has discovered the omission, and had it rectified under Rules 23 and 24.

87. A claim for refund of charges may be made by the Sender or Receiver of a telegram to the office of origin or of destination, at any time within six months. The claim must be accompanied in the case of non-delivery by a written declaration of the office of destination or of the addressee that the message has not been delivered, and in the case of delay or of mutilation by the copy actually delivered to the addressee. Although a claim for refund may be accepted from the Receiver of a telegram, the reimbursement of the charge is only made to the Sender.

88. No refund except as stated under paragraph 86*c*, can be made on account of errors or omissions in ordinary or non-collated messages, nor can any refund be granted on account of messages necessitated or rendered useless by the loss, delay, or omission referred to under *a*, *b*, and *c* of paragraph 86.

## Charges for Press and Government Messages.

The rates for Press telegrams in plain English have been reduced over the Eastern Extension Company's cables. The rate from Tasmania to England for *bonâ fide* Press telegrams is 2s. 5d. per word, and for Government telegrams 4s. 2d., 7s. 9d., or 10s. 3d. per word, according to the route forwarded.

The rates for Press telegrams to France have been reduced to 2s. 5d. per word. These messages must be in plain language and written in French.

The rates for Press messages to India and Burmah have been reduced to 2s. per word. To Ceylon, 2s. 1d. per word.

By "Press messages" are meant messages addressed to newspapers duly published in accordance with the respective laws relating to the publication of newspapers in force in the United Kingdom or the Colonies, and intended in good faith for publication in full in such newspapers, and shall include only such as are intelligible and written in English, in plain language, and without the use of cypher, code, groups of figures, or letters or words of concealed meaning.

Conditions on which Press Telegrams, exchanged with the Colonies of Australasia, will be accepted at a Reduced Tariff.

1. The wires by the Eastern or Indo-European Companies routes of telegraph from London to India and thence by the Eastern Extension Telegraph Company's route to Australia shall be available to the press for the transmission at reduced rates between London, France, India, Burmah, or Ceylon, and Adelaide, of news or intelligence for publication in newspapers allowed by the British and Australian Governments respectively, to receive intelligence by telegraph at the reduced rate.

2. Such messages shall not interfere with the transmission of the ordinary message traffic, and in order to ensure this the transmission of

such news messages may be deferred or suspended, or interrupted, until any Government message or any Ordinary or Press messages at full rates that may be on hand shall have been transmitted and completed.

3. The working of the wire or wires shall be subject to the rules and regulations of the International Telegraph Convention.

4. No messages at the reduced rate shall be sent except for publication in such newspapers, and they must be written in plain English when addressed to British Stations, and in plain French when addressed to French Stations, so as to be intelligible to the transmitting offices. Messages containing news or information not for publication, or containing code words or words of concealed meaning, or groups of figures or ciphers, shall be paid for at the full tariff rates in force for Ordinary messages.

5. The newspapers, their correspondents or agents, are required to address their messages to a newspaper office, which shall be prohibited from selling, distributing, or communicating such messages to clubs, exchanges, or newsrooms, or disposing of them for any purpose whatsoever, directly or indirectly, other than for publication in newspapers allowed by the British and Australian Governments to receive them.

6. Messages can only be accepted from the authorised correspondent of a newspaper, and the news sent in such messages must be duly published in the newspapers, or satisfactory reasons be given for non-publication, in the absence of which full rates will be chargeable.

7. The Administrations reserve to themselves the right to terminate the present arrangements, but will in such case announce their intentions twelve months beforehand.

8. The reduced rate will be distributable amongst the Administrations in such proportions as they may agree amongst themselves.

RATES TO NEW CALEDONIA IN ADDITION TO ORDINARY RATE  
TO QUEENSLAND.

Cable charge, 10 words 6s., address and signature counted. Each additional word 6d. New Caledonia rate, 2d. per word, address and signature counted.

## CONDITIONS.

The Atlantic companies may decline to forward the message, though it has been received for transmission; but in case of so doing shall refund to the sender the amount paid for its transmission.

In case the message shall never reach its destination by reason of any neglect or default of the companies or their servants whilst the message remains under their control, they will refund the amount paid by the sender for such message.

The companies shall not be liable to make compensation beyond the amount to be refunded as above for any loss, injury, or damage arising or resulting from the non-transmission or non-delivery of the message, or delay or error in the transmission or delivery thereof, howsoever such non-transmission, non-delivery, delay, or error, shall have occurred.

The control of the companies over the message shall be deemed to have entirely ceased for the purposes of these conditions at any point where, in the course of the transit of the message to its destination, it may be entrusted by the companies (and the companies shall have full power so to entrust the message) for further transmission by or through any system, service, or line of telegraph belonging to or worked by any administration or authority not controlled by the companies exclusively, although worked as part of or in connection with the telegraphic system or service of the companies.

## NOTICES.

A record is open at the Hobart Central Telegraph Office for the registration of the full address, at which foreign telegrams reaching Hobart and bearing abbreviated or arbitrary addresses are to be delivered. A fee of 10s. per annum, or 5s. for one month, is charged for registration.

Addresses may also be registered at any Government Telegraph Office in England or Scotland upon payment of one guinea to the Postmaster-General, London. This registration can be effected only at the telegraph station in the town where the firm is established, and not by letter from Australia to London, or *vice versa*, as different firms sometimes select the same code word.

The Eastern Telegraph Companies register names and addresses of telegraph correspondents free of charge at all their stations, and in London, at No. 11, Old Broad-street; No. 8, Leadenhall-street; and No. 3, Great Tower-street.

In future telegrams from North America will bear the date and time of the arrival of such telegrams in London. Recipients of messages from North America will therefore understand that in future the entry on the delivery from, "Original date and time," will be the date and time they reached London.

There is now a fortnightly mail by steamer between Aden and Mauritius.

## TELEPHONE EXCHANGES.

## TELEPHONE EXCHANGE REGULATIONS.

Made under authority of "The Telephone Act, 1882," 46 Vict. No. 5, Section 9.

1. The annual subscription, for any distance not exceeding half a mile, shall be £6, and for every additional quarter of a mile or fraction thereof, 15s., radial distance from Telephone Exchange Office.

2. For this sum each subscriber will be provided with a special wire connected with the Telephone Exchange to which he subscribes, enabling him to communicate with any other Subscriber to the same Exchange, or with any Subscriber attending at the Exchange with which he may be connected.

Telephone Bureaux have been established for use of the public by which a person can speak to any subscriber during office hours on payment of Sixpence for each five minutes or fraction if within a radius of six miles. Beyond that distance the charge will be One Shilling for each five minutes or fraction. Communication between subscribers and persons at the Exchange or Bureaux will as a rule be limited to five minutes at any one time.

3. Each Subscriber will be provided with all necessary apparatus and instruments without extra charge, but will be liable for all damage beyond ordinary wear and tear.

4. The Telephone Exchange will be open from 8-30 A.M. till midnight; but any two Subscribers may be left in communication with each other during the night by giving written notice before the hour of closing.

5. Subscribers to the Hobart or Launceston Exchanges may forward a telegraphic message by telephone to such Exchange for transmission onward, on condition that a written copy of such message, with the amount payable thereon, is forwarded to the Hobart or Launceston Telegraph Offices before noon next day.

6. The Rules and Regulations of the 1st June, 1895, now in force, relating to telegraphic messages shall, where applicable, apply to telephonic messages.

7. Subscribers to the Tasmanian Telephone Exchange are allowed to have their names recorded once in the Telephone List free of charge, but in the event of more than one name being required to be inserted by a subscriber, an annual fee of Five Shillings (5s.) is to be charged for each additional name. Before, however, any additional names can be inserted in the List, evidence must be produced to the satisfaction of the Postmaster-General that the subscriber is acting as agent for the person or firm whose name he desires to be inserted, and in no case will anyone but the subscriber be allowed to use the telephone on behalf of such person or firm.

8. Persons occupying offices in the same building can jointly subscribe to the Telephone Exchange under the same Exchange number on paying, in addition to one ordinary subscription, £2 a year for each additional name to be inserted on the List of subscribers.

9. Private lines will be erected in Hobart and Launceston on payment in advance of an annual rental of £3 for first half-mile, and 15s. for each additional quarter of a mile or fraction thereof.

10. Telephone Rentals must be paid in advance either yearly, half-yearly, or quarterly, at the option of the renter. Payments must be made within fourteen days of the date of demand, otherwise the Telephone will be removed without further notice. An approved guarantee for at least one year's rental is required before a new contract is entered into.

11. In other parts of the Colony private lines will be supplied on terms to be mutually agreed upon, but at not less than £1 10s. per mile, and 7s. 6d. for each additional quarter of a mile or fraction thereof. As a rule, the agreement must be for a period of three years, and will be terminable at any time after the end of that period on giving three months' notice.

12. The renter of any line will not be allowed to use such line for other than his own business. Any breach of this rule will involve the removal of the line and instruments, without prejudice to the right of the Government to claim the rent for the remainder of the term.

13. The renter of a private line may provide his own apparatus and instruments, or the Government will provide and maintain apparatus and instruments at an annual charge of £1 10s., to be paid in advance, for each set of apparatus or instruments, comprising two telephone receivers, one transmitter, call-bell, and battery. The renter will be held liable for all damage beyond ordinary wear and tear.

14. Should a renter of any line change his office or residence, he will be required to pay such a portion of the cost of altering the line, &c. as may be determined by the Superintendent of Telegraphs.

15. The length of a private line shall be determined by the shortest ordinary route between the termini.

## NEW NORFOLK EXCHANGE.

The charge for the use of Trunk Line between Hobart and New Norfolk is £1 10s. per annum, in addition to ordinary Exchange subscription.

## INSTRUCTIONS RESPECTING THE WORKING OF THE TELEPHONE EXCHANGES.

The strictest observance of the following directions will greatly facilitate the prompt and efficient working of the Telephone Exchange:—

1. Have the number and name of the subscriber ready before you call the Exchange; this saves your time and the time of the operator.

2. Give these immediately you are answered, then hang up telephone and wait for the next ring, which will be the reply ring of the subscriber you want. Do not ask the operators any questions outside their business; if you delay them with questions they cannot attend to their work; confine yourself strictly to the number and name of the subscriber you want.

3. When connected do not again use your bell (except to ring off); should you do so you will be immediately disconnected. If you leave your telephone to seek information, ask the other end to wait and listen; on return speak direct; do not ring or you will be disconnected. If it will take some time to obtain the information it will be better to ring off and call the Exchange again when ready, so as to avoid keeping the other subscriber waiting.

4. Only ring off when finished with a subscriber; do not delay, as you may be wanted by some one else. The operation of ringing when finished causes a shutter to fall; this is the only means the operators have of knowing when you have finished.

5. When called by the Exchange give a short ring before taking the telephone off to speak.

6. Speak into your transmitter in a clear even tone; unless you do this you will not be understood properly. If you talk in an imperfect or in an unintelligible way the transmitter will do the same.

7. For talking the switch is opened by the action of taking off the receiver. When finished always hang your receiving telephone on the switch of the call-box; otherwise you cannot be rung up.

8. Complaints in reference to lines or instruments should be communicated to the Manager.

#### TELEPHONE BUREAUX, &c.
