

Flaw Finder for the 1/2d Lithograph Pictorial Plates 1 & 2

Richard Singleton

This flaw finder is based on the 'Plate Flaw Reference' by Jerry Weirich and has been compiled by Richard Singleton.

Where a flaw covers more than one area it will be shown in both. The colour line flaws passing through several areas are shown in full at the end of the document.

Under the picture of the flaw the plate position is noted. Check the relevant position and descriptions in the 'reference' document for any other flaws that may be present on the position.
