

Flaw Finder for the 2d Lithograph Pictorial

Plates 23 to 28

Richard Singleton

This flaw finder is based on the 'Plate Flaw Reference' by Jerry Weirich and has been compiled by Richard Singleton.

Where a flaw covers more than one area it will be shown in both.

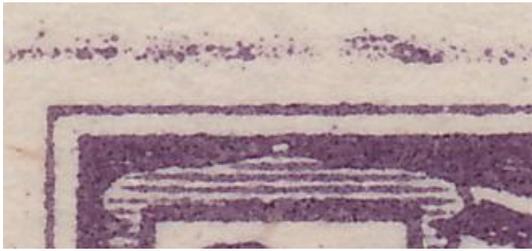

Under the picture of the flaw the plate position is noted. Check the relevant position and descriptions in the 'reference' document for any other flaws that may be present on the position.
